### Solid Shelf Starter and Add-On Kits

Solid shelves are a solution where dirt, dust and spills are a potential issue. The solid flat surface allows for storage from small to large items and the marine edge perimeter prevents spillage. The double hemmed 18 gauge galvanized steel gives the solid shelf excellent strength characteristics. All solid shelf units consist of 4 shelves and 4 posts. Add-on units consist of 4 shelves, 2 posts and 8 shelf clamps. Additional shelves may be purchased separately, see chart on **page 46**. Mobilize starter shelving unit using optional mobile kit, WR-00 or WR-00H available on **page 83**. Units with Add-On kit cannot be made mobile.

### Solid Shelf Starter and Add-On Kits

Solid shelves are a solution where dirt, dust and spills are a potential issue. The solid flat surface allows for storage from small to large items and the marine edge perimeter prevents spillage. The double hemmed 18 gauge galvanized steel gives the solid shelf excellent strength characteristics. All solid shelf units consist of 4 shelves and 4 posts. Add-on units consist of 4 shelves, 2 posts and 8 shelf clamps. Additional shelves may be purchased separately, see chart on **page 46**. Mobilize starter shelving unit using optional mobile kit, WR-00 or WR-00H available on **page 83**. Units with Add-On kit cannot be made mobile.
